FIBA President and Secretary General Greetings

Dear Basketball Friends,

We are delighted to welcome you to Berlin for the FIBA Women's Basketball World Cup 2026.

At this **landmark 20th edition** of the famous competition, we're looking forward to more magical moments and memories being added to those that have already illuminated the Women's World Cup since its inception in 1953.

From the amazing trailblazers who did so much to inspire those who followed in their footsteps, to the fairytale return of Opals' legend Lauren Jackson on home soil at Sydney 2022, we now we have an opportunity to once again **celebrate the world's top players** taking to the court.

The **Road to Berlin** has been the longest, most inclusive and compelling in the history of the competition, spanning **over three calendar years** and seeing **48 national teams** take part in the qualification process.

In 2024, FIBA introduced the first-ever FIBA Women's Basketball World Cup 2026 **Pre-Qualifying Tournaments**. Bringing together 16 teams, the Pre-Qualifying Tournaments in Mexico and Rwanda supported FIBA's strategic priority to enhance women's basketball with more competitive and meaningful games for National Federations. They qualified two teams, Czechia and Hungary, to the Qualifiers.

In 2025, we saw some incredible action with the **Women's Continental Cups**, which delivered remarkable results across the regions, both on and off the court, and saw each winner from the AfroBasket (Nigeria), Asia Cup (Australia), AmeriCup (USA) and the EuroBasket (Belgium) secure their direct spot for Berlin.

Then back in March 2026, the FIBA Women's Basketball World Cup 2026 **Qualifying Tournaments** took place across four

different locations in Istanbul, Türkiye; Lyon-Villeurbanne, France; San Juan, Puerto Rico; and Wuhan, China. For the first time 24 teams (up from 16) participated, with the **new format bringing more games**, more excitement, and even more thrilling opportunities for fans in each of the four host countries to cheer on their home team.

We have now arrived in Berlin, we can also enjoy the field **increasing from 12 to 16 teams**. These changes reflect FIBA's commitment to take women's basketball and the World Cup to the next level. They have been made to help satisfy the growing demand driven by the continuous rise in the popularity of the women's game and ever-increasing levels of engagement.

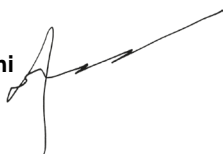

The record-breaking 2022 Women's World Cup played a significant role in this journey because of the huge attendance numbers and unprecedented digital reach. Even before the opening tip off in Berlin, the FIBA Women's World Cup 2026 has rewritten history, **surpassing the ticket record set in Sydney in 2022** and underscoring the extraordinary growth of women's basketball.

Now the top players in women's global hoops will once again **showcase their skills and passion for their country** in what we believe will be yet another first-class edition of this flagship event.

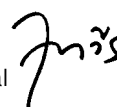

In conclusion, we would like to express our sincere **gratitude** to the Local Organising Committee of the FIBA Women's Basketball World Cup 2026 and to the German Basketball Federation. They have carried out extensive work to ensure it will be an **unforgettable experience** for the players and fans.

Enjoy the action!

FIBA Women's Basketball World Cup 2026: History

The landmark 20th edition of the prestigious event will see the best ballers in the world taking to the court in pursuit of glory. In doing so, they will extend the stunning legacy of a famous competition that has shaped and influenced the sport for more than seven decades.

From truly inspiring trailblazers to FIBA Hall of Famers and legends of the game, as well as rising stars that lit it up at their first global event, the FIBA Women's Basketball World Cup has delivered so many magical memories.

Inaugurated during 1953 in Chile, it was USA who made history as they scooped the first two titles on offer. Now they are looking to extend their latest winning streak to five editions.

Having already hit the unprecedented double-digit landmark for silverware back in 2018, they took their 11th title overall four years ago when outstanding MVP A'ja Wilson led the champions to success in Sydney.

However, USA have not always had it all their own way. The Soviet Union enjoyed an era of dominance too, and it was one that lasted more than two decades. They racked up five consecutive titles between 1959 and 1975, prior to lifting their last title in 1983.

There have been only two other winners of the FIBA Women's Basketball World Cup outside of USA and Soviet Union. Both required generational players to ensure they captured the top step of the podium.

An iconic Brazil team were crowned champions in 1994 as a golden generation including FIBA Hall of Fame trio Hortencia Marcari, Janeth Dos Santos Arcain and Maria 'Magic Paula' Goncalves Da Silva all breathed fire.

The Opals then delivered their greatest ever moment on a global stage in 2006 when legendary duo Lauren Jackson and Penny Taylor ensured that Australia lifted the silverware for the first time.

Since then, it's been USA all the way, but nothing can be taken for granted.

Opportunity knocks again at this year's edition, with 16 teams all looking to deliver more unforgettable FIBA Women's Basketball World Cup moments. But only one nation will have the ultimate joy of being crowned 2026 champions in Berlin.

How To Qualify for The Women's World Cup

16 nations will step out for the showpiece FIBA Women's Basketball World Cup 2026.

CONTINENTAL CUP WINNERS QUALIFY

- Winners of the Continental Cups in 2025 directly qualified for the Women's Basketball World Cup 2026.
- All four Continental Cup winners also competed in the Qualifying Tournaments.

TOP TEAMS ADVANCE FROM QUALIFYING TOURNAMENTS

- The top three teams from each tournament qualified for the Women's World Cup, along with a Continental Cup winner.
- In Qualifying Tournament France that featured both a Continental Cup champion and the host nation, only the top two teams advanced.

Here are the teams that will be competing in Berlin and how they qualified:

Competition System

The FIBA Women's Basketball World Cup 2026 will bring together the world's top 16 national teams, with 36 games played over 10 days from 4 - 13 September 2026 in Berlin, Germany.

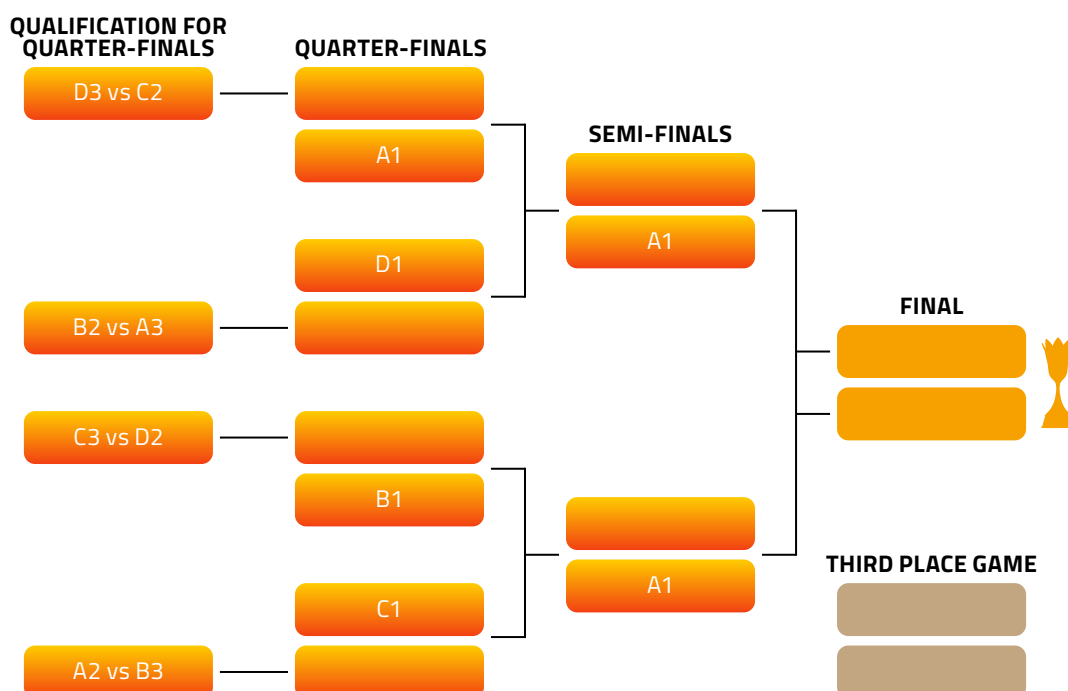

GROUP PHASE

The 16 teams will be divided into four groups of four. At the end of the Group Phase, the team finishing 1st in each group will qualify directly for the Quarter-Finals. The 2nd- and 3rd-placed teams will compete in a Qualification for Quarter-Finals to be played in a single-game elimination format, with cross matchups between Groups A and B, and between Groups C and D.

GROUP A	GROUP B	GROUP C	GROUP D
A1	B1	C1	D1
A2	B2	C2	D2
A3	B3	C3	D3
A4	B4	C4	D4

FINAL PHASE

The winners of these qualification games will then advance to face the group winners in the Quarter-Finals. From there, the Final Phase will feature the Quarter-Finals, Semi-Finals, Final, and Third Place Game - all played in a single-elimination format.

WELCOME MESSAGE FROM INGO WEISS

On behalf of the Local Organising Committee and the German Basketball Federation, it is my great pleasure to welcome you to Berlin for the FIBA Women's Basketball World Cup 2026.

Bringing the world's best women's basketball players and teams to Germany is a very special moment for all of us. Over the coming days, Berlin will become the centre of the basketball world, and we are proud to welcome athletes, coaches, officials and fans from across the globe to our capital.

Berlin is a city that stands for diversity, openness and international exchange. People from many different cultures and backgrounds call this city home. I can hardly imagine a better place to celebrate a sport that connects people across borders and brings them together through passion, teamwork and competition.

The FIBA Women's Basketball World Cup is, of course, about basketball at the very highest level. We can look forward to outstanding athletes, great games and unforgettable moments on the court. But this World Cup represents much more than that.

It is also an opportunity to shine a spotlight on women's basketball and to inspire the next generation. Every young girl watching these players should be able to see what is possible through talent, determination and hard work. We want this tournament to encourage more girls and women to play basketball, to become part of our clubs and our basketball community, and to develop their own passion for this wonderful game.

For German basketball, hosting this World Cup is both an honour and an opportunity. We want to build on the enthusiasm for basketball in our country and create a lasting legacy that reaches far beyond the final game in Berlin.

An event of this magnitude would not be possible without the dedication of many people. My sincere thanks go to FIBA, the German Federal Chancellery, the City and State of Berlin, our partners and sponsors, the many clubs and organisations involved, and especially to all staff members and volunteers whose commitment has helped make this World Cup possible.

To all participating teams: I wish you a successful tournament, fair competition and memories that will stay with you for many years.

To all basketball fans from Germany and around the world: enjoy the games, enjoy the atmosphere and take the opportunity to experience Berlin as a truly international and welcoming host city.

Together, let us celebrate women's basketball at its very best and make the FIBA Women's Basketball World Cup 2026 an unforgettable event.

Welcome to Germany. Welcome to Berlin.

Ingo Weiss

Chairman, Local Organising Committee
President, German Basketball Federation

WELCOME MESSAGE FROM IRIS SPRANGER

Welcome to the sports and basketball metropolis Berlin.

I warmly welcome all 16 national teams to the 20th Women's Basketball World Cup. We are delighted to host the most important tournament in women's basketball in Germany again after 28 years. At the Max-Schmeling-Halle and the Berlin Arena, the teams will have the best possible conditions. These will be 10 unforgettable days featuring 36 games at the very highest level.

I am convinced that this World Cup will increase the visibility and recognition of professional women's sports not only in Germany but worldwide.

Sports-loving Berliners and fans from all over the world are eagerly anticipating this world-class tournament. The competition for the rankings will already be fierce during the group stage. In addition to traditional basketball nations, many teams have secured their spot in the World Cup through an intense qualification in a strong field of competitors. This promises excitement from the first minute to the last.

Let's celebrate together a fantastic, successful, and vibrant basketball festival in the sports metropolis Berlin.

Best regards,

Iris Spranger

BERLIN ARENA

Do you know a building in Berlin that would fit in the Brandenburg Gate? Since September 2008, this location exists: the Berlin Arena (former Mercedes Benz-Arena) in Berlin. Between the Eastern train station and the Warsaw Bridge one of the world's professional arena hosts highlights in sports, entertainment and concerts.

Depending on the event, up to 17.000 spectators are able to enjoy entertainment on the highest level. This also includes the guests in the 59 entertainment as well as conference and party Suites. The technical equipment of the Uber Arena does not only guarantee the best possible acoustic and phenomenal sight from all seats, it also makes the construction from concerts to sport events possible within few hours.

The home of the ALBA BERLIN Basketball Team has witnessed many highlights in sport, of course including the top Basketball events.

MAX-SCHMELING HALLE

The Max-Schmeling-Halle is a multifunctional arena located in the Prenzlauer Berg district of Berlin and named after the German heavyweight boxing world champion Max Schmeling.

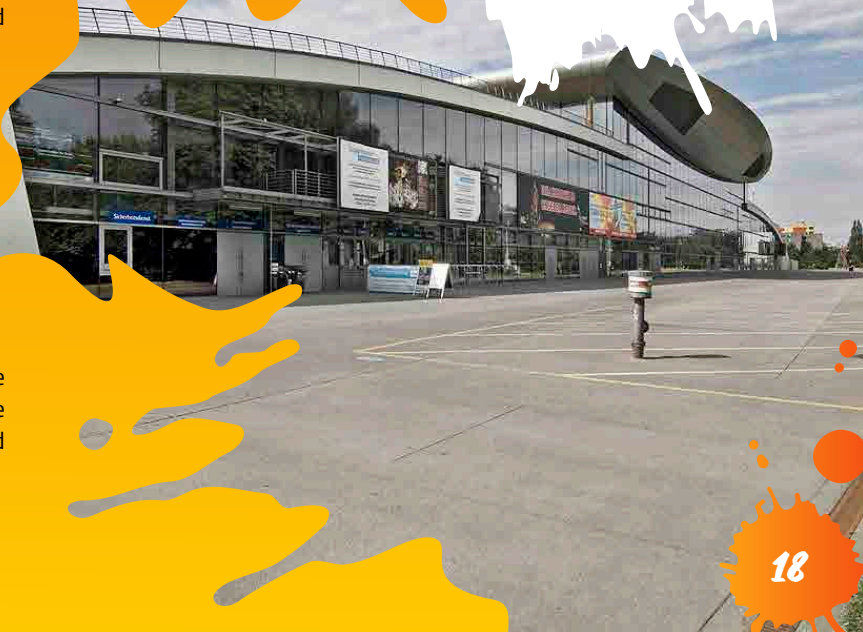

The Max-Schmeling-Halle was planned together with the Velodrom and the swimming and jumping gymnasiums in connection with Berlin's bid for the Olympic Games for the year 2000. However, the Olympic Committee decided in favor of Sydney as the venue for the 2000 Summer Olympic Games. As a result, the construction concepts for the Max-Schmeling-Halle and the Velodrom had to be expanded during the construction phase to include the aspect of multifunctionality so that they could be used as multipurpose arenas.
